

## TCM Forklift Parts

TCM Forklift Parts - In the global industry of material handling, forklifts play an important part for transporting industrial goods. First innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained popularity following WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these equipment spread globally.

In 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply known as TCM Corporation. Through the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation with the business. TCM began constructing forklift manufacturing sites outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures several models of industrial forklifts with more than 50 years of accumulated technology and expertise, making their products recognized and used all around the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading company.
