

## Komatsu Forklift Parts

Komatsu Forklift Parts - Komatsu Forklift U.S.A. Inc., an affiliate of the Komatsu Ltd. family, has a positive reputation for building rugged and reliable forklifts. They are recognized worldwide as a corporation who has a proud heritage and who maintains a benchmark of superiority in equipment manufacturing and design.

Komatsu Forklift U.S.A., Inc., a division of Komatsu Forklift Co., Ltd., International Division and Komatsu Utility Co., Ltd remains loyal to their image of a better tomorrow. Komatsu's legacy began back in 1921, in Japan, when Komatsu Ltd started operations as a producer of construction and mining equipment. Very soon the company grew into an industry leader and was responsible for building Japan's first modern bull dozer and farm tractor.

Komatsu has developed into a global giant over the previous couple of decades thanks to their expertise and strength in the field of logistics, mining, excavating and construction. By means of modern designs and technological superiority, they continue to be at the forefront of these industries.

Ever since 1945, Komatsu Forklift Co. Ltd has grown tremendously. Using contemporary design approaches and superior manufacturing capabilities, Komatsu has distinguished themselves through the engineering of reliable and robust forklifts that buyers from around the world have come to rely on. In 1976, Komatsu Forklift U.S.A., Inc was created to meet the ever-increasing demand for its goods in the North American marketplace. To improve costs and efficiencies, a contemporary plant was built in Covington, Georgia in 1990, to merge all U.S. Komatsu Forklift product support and production operations.

Remaining one of the primary suppliers and manufacturers of rugged and innovative forklifts at the moment, Komatsu Forklift U.S.A., Inc continues to satisfy their customers' desires worldwide. Central and Latin America, Mexico, the Caribbean and South America are home to some of Komatsu's happy clients along with their North American clients.

After years of providing customer service and maintaining rapport, Komatsu Forklift understands that meeting the customers' wishes is paramount. All new product development at Komatsu begins first with the client. By welcoming contributions and criticism, they are able to determine customer wishes and expectations then develop progressive concepts and then build to exceed Komatsu Engineering Principles. Assuring consumers that quality is premeditated from the start and sustained through the manufacturing, service and product sales processes, allows Komatsu to end up with a superior product from start to finish.

The engineers at Komatsu are experts who specialize in designing heavy-duty equipment, forklifts and construction equipment. Their design expertise assures that each piece of equipment will endure in even the toughest applications and environments. Adherence to precise engineering standards allows Komatsu Forklift to satisfy ISO 9001 standards. Computer aided design and rigorous internal quality standards all factor in to top-quality forklift products. Komatsu Engineering Standards transform the contemporary and progressive expertise used in advanced mining and construction equipment into world class equipment.

The modern and efficient factory in Covington, Georgia is a full service facility. This state-of-the-art facility starts the manufacturing process with unrefined steel which is then welded, designed and primed. When assembled and painted the forklifts are ready to leave the facility and enter the marketplace. Maintaining quality control through the duration of the production process, assures customers that the quality is built into Komatsu's products from the very beginning.

Komatsu believes that since a product is only as worthy as the people who sell and support it, their dealers make all the difference. Komatsu Forklift is proud of their committed seller networks who strive to exceed expectations. Specialized in all elements from product sales, service or operating instruction, or aftermarket support, their diverse network of experienced and capable experts are available. Komatsu Forklift Dealer locations across the nation have a Komatsu OEM components on-hand to provide the necessary service needed to keep customers' operations running fluently. Computerized, real-time access with next day transport from their highly automated distribution center is an alternative option. The internet based K-Link system assists dealers with on-line parts management, service and acquisition for all major forklift brands.

At Komatsu Forklift U.S.A., Inc. they know how to serve Countrywide Accounts. A lot of world-class businesses rely on Komatsu forklifts in their every day operations. Nationwide account consumers benefit from a unique relationship with Komatsu that allows them to customize cost-efficient programs so as to increase the customer's productivity and profits. Komatsu nationwide account clients have access to on-line parts and operations support system and a wide-ranging fleet administration program, offering the ability for Komatsu to be their total solution for any forklift worries.

The reliable and resourceful personnel at Komatsu Forklift U.S.A., Inc., are focused on providing their customers an exceptional experience no matter if it is through product sales, training, maintenance, or aftermarket support. They want to ensure the level of customer service offered will help their clients satisfy or exceed their ambitions and build a successful business/client partnership in the process. Komatsu strives to understand each of their customers' distinctive means of doing business and enjoys working together to develop a plan to best insure their ongoing success.

Komatsu encourages you to get in touch with with one of their many local Komatsu lift truck sellers to discover more about the several products and services available. Customer satisfaction and support are two of the organizations top priorities and it is easy to see why thousands of consumers world-wide depend on the Komatsu family of products everyday.
